Long-Term Care Certification in Infection Prevention

Certification Board of Infection Control and Epidemiology, Inc.

Congratulations! You have passed this examination.

Your professional certification demonstrates your commitment to the specialty of infection control. You will receive an email from the CBIC office within 72 business hours notifying you of the activation of your LTC-CIP certification. This email will also contain information regarding your digital badge and a link to purchase a hard copy of your certificate. Until you receive our official notice of your certification status, you may not represent that you are certified by CBIC.
